## Learning Objectives

- To provide the oncology community with a summary of the most significant treatment advances presented at the ESMO Congresses
- To review the current standard of care for key malignancies from a local and international perspective
- To discuss the current controversies in the management of specific cancers

## Accreditation

The programme of this event has been accredited with **13 ESMO-MORA Category 1 points**. Recertification is necessary for medical oncologists to remain professionally certified by ESMO. Recertification guarantees that a certified medical oncologist has continued to update her/his knowledge and continues to possess the necessary skills and standards for the practice of medical oncology. For further information please refer to [www.esmo.org](http://www.esmo.org).
