Providing peer-reviewed open access publications on medical research and educational content from all disciplines of oncology

Providing novel immuno-oncology topics and developments, both clinically and preclinically
ESMO CLINICAL PRACTICE GUIDELINES

Providing oncology professionals with recommendations for the best standards of cancer care

Latest recommendations for diagnosis, disease staging, risk assessment, treatment and follow-up

Regularly updated and reviewed by leading oncology experts

> 77 guidelines and 15 Consensus Recommendations Manuscripts available from the ESMO website, OncologyPRO.
13 eUpdates published in 2019.

> 27 patient-friendly versions available on the ESMO website, in different languages

7 Pan-Asian adapted guidelines already published, 4 upcoming

“Living” guidelines since 2019

Abridged versions available on ESMO mobile apps
ACCESS TO SUSTAINABLE CANCER CARE

Sustainable cancer care
ESMO-MCBS is a tool to assist in the prioritisation of medicines in cancer care

Empowering end users
Support offered to individuals interested in using the scale

“The Committee acknowledged the role of the ESMO Magnitude of Clinical Benefit Scale (ESMO-MCBS) as a screening tool to identify cancer treatments that have potential therapeutic value that warrants full evaluation for EML listing”

Report of the 22nd WHO Experts Committee on the Selection and Use of Essential Medicines
ESMO: MEDICAL ONCOLOGY EDUCATION
Brought directly to you

A global society with a tailored education offer to meet local needs

ESMO VIRTUAL SUMMIT RUSSIA
10-11 June 2020
ESMO VIRTUAL SUMMIT RUSSIA 2020

Oncology Updates: From Evidence to Practice

- Designed to address the specific challenges faced by oncology professionals practising in this region
- Local and international experts covering the cancer types most frequently encountered in Russia
- Series of clinical case presentations followed by time for discussion
- To provide the oncology community with a summary of the most significant treatment advances presented at the ESMO congresses
- To review the current standard of care for key malignancies from a local and international perspective
- To discuss the current controversies in the management of specific cancers
PARTICIPANT OVERVIEW
