Acknowledgements xiv  

## A. What every oncologist should know

1. Anatomy of the genitourinary tract and histology of genitourinary tumours  
   G Sauter & S Minner  
   1

2. Staging and treatment of localised prostate cancer  
   N Clarke & A Haran  
   7

3A. Treatment of metastatic castration-sensitive prostate cancer  
   A Omlin & S Gillessen  
   13

3B. Treatment of castration-resistant prostate cancer  
   A Omlin & S Gillessen  
   19

4. Staging and treatment of localised bladder cancer  
   A Stenzl, G Gakis & T Todenhöfer  
   25

5. Treatment of metastatic bladder cancer and upper tract transitional cell carcinoma  
   C Thellenberg Karlsson, A Sherif, R Shotton & A Birtle  
   31

6. Staging and treatment of localised renal cell cancer  
   A Volpe & P Umari  
   39

7. Treatment of metastatic renal cell cancer  
   M Schmidinger  
   45

8. Staging and treatment of stage I testicular cancer  
   J Oldenburg & T Tandstad  
   51

9. Treatment of metastatic germ cell tumours  
   G Baciarello & K Fizazi  
   57

## B. More advanced knowledge

10. Hereditary kidney cancer syndromes  
    A Bex & RH Giles  
    65

11. Epidemiology, risk factors, screening and predisposition genes for prostate cancer  
    MJ Roobol & E Castro Marcos  
    69

12. Rare genitourinary tract tumours (prostate, kidney, bladder, testis, adrenal glands and penis)  
    E Senkus & M Ligaj  
    73

13. New drugs and novel treatment strategies for prostate cancer  
    N Mehra & J de Bono  
    80

14. New drugs and novel treatment strategies for kidney cancer  
    B Escudier, L Albige & R Filippot  
    84

15. New drugs and novel treatment strategies for urothelial carcinoma  
    A Rodriguez-Vida & J Bellmunt  
    88

## Appendices

1. WHO Classification of Tumours, 4th Edition, Volumes 8 and 10  
   - Tumours of the kidney 92  
   - Tumours of the urinary tract 92  
   - Tumours of the prostate 93  
   - Tumours of the testis and paratesticular tissue 93  
   - Tumours of the penis 94  
   - Tumours of the adrenal cortex 94  
   - Tumours of the adrenal medulla and extra-adrenal paraganglia 94
2. UICC TNM Classification of Malignant Tumours, 8th edition (2018)  
   Urinary bladder: Urothelial carcinomas 95  
   Urinary bladder: Squamous cell carcinoma and adenocarcinoma 95  
   Prostate cancer 96  
   Penile cancer 96  
   Kidney cancer 97  
   Testicular cancer 97  
   Adrenal cancer 98  

3. Definition of regional lymph nodes 99
